

# GIRLS TROUSER MEASURING GUIDE

## How to measure your waist

Measure around the waist at the natural waistline (smallest part). In younger children this is usually midway between the bottom rib and hip bone.

## Inside leg length

When measuring make sure you are stood up straight, with shoes on. Measure from the top of the leg (inside near to the crotch area) down to where you would like the trouser to fit. This is usually an inch or so from the floor or where you feel you would like the length to finish.
