JUNIOR SKIRT MEASURING GUIDE

How to measure your waist

Measure around the waist at the natural waistline (smallest part). In younger children this is usually midway between the bottom rib and hip bone.

Find the correct length

Skirts - Measure from where the skirt would sit (usually midway between the waist and hips) to where you want skirt to finish. Many of our styles are available in various lengths to suit your requirements.

Dress - Measure from the top of shoulder point to where the dress would finish.

How to measure your chest

Measure around the fullest part of the chest, making sure that the tape is level under the arms and across the shoulder blades. Make sure you are relaxed when measuring to get a true measurement.
